

Profile search for International Security Manager, EU citizens only

Vesper offers protection for people travelling to, or residing in, some of the world's most dangerous countries. Since 2004, we have been a widely respected provider of close protection services for companies and government agencies, as well as for humanitarian organizations worldwide. We are searching for the following senior expert profile.

International Security Manager (ISM) or International Security Supervisor (ISS:

- Thorough knowledge of high-risk security environments in East Africa;
- Minimum five years experience of overseeing a security service contract of at least 20 people in a high-risk security environment, preferably diplomatic or international organisations;
- Citizen of an EU member state;
- Military or police experience, minimum rank of NATO rank OR8 or OF2 and above;
- Experience in contract management, implementation, quality control and reporting;
- Experience in human resources and financial and operations management;
- Excellent knowledge of radio equipment and radio operational procedures;
- At least level B2 of English as defined in the standards available at <http://europass.cedefop.europa.eu/en/resources/european-language-levels-cefr>;
- Fully IT-literate in Word and Excel;
- Valid EU driving licence categories C, C1; Certified as B6 trained;
- Excellent knowledge in first aid and trauma (First Person on the Scene (FPOS)) and fire-fighting,
- Excellent health, mental and physical condition, attested by a medical certificate.
